1969	110	Yellow	Yellow	White	White	1		
1969	112	Yellow	Yellow	White	White	1		
1969	114	Yellow	Yellow	White	White	1		
<b>Notes:</b>	1 - White stripe on hood							
	2 - Town and Country Decals							
Colors:								
PG1 = First Gold Color, used in 1937-1947. Most collectors don't use this color								
PG2 = Prairie Gold used on most Letter Series and 335/445/5 Star. Most common prairie Gold								
PG3 = Last Prairie Gold used on GVI, M5, 4Star. Slightly Browner Prairie Gold								
Yellow = Used on Latest MM's This is an Industrial Yellow.								
Late Red = Same as Cockshutt Red, used on some tractors after 1968								
Implement Red = Used on early implements								
Cherry Red = Red used on Early tractor wheels and grills								
Dyna Brown = Used from 1962-1967 Primarily on Powertrain components								
Bronz Metallic = Used from 1959 - 1961 Primarily on Powertrain components								
Gray Metallic = Used on the powertrains of some industrial tractors								
Note: Due to special orders, regional exceptions, and day to day manufacturing variation, many tractors varied from the color configurations listed above
