1969-1972	G1350	Yellow	Yellow	White/Silver	White	3,5,6
1973	G955	Yellow	Yellow	White/Silver	White	3
1974	G955	Yellow	Yellow	White/Silver	White	
1973	G1355	Yellow	Yellow	White/Silver	White	3
1974	G1355	Yellow	Yellow	White/silver	White	
<b>Notes:</b>	1= May also have Prairie gold #2 wheels					
	2= White band in center of grill					
	3= White stripe on lower hood and upper grill					
	4= 2 piece wheels have silver rims					
	5= Heritage colors available in Late Red White and Blue					
	6= Demonstrator models painted Red					
	7= Hood stripe decals red early, black late					
	8= late models Dyna Brown					
	9=Only first 50 LP and 100 diesels had white center grill band					
	Colors:					
	PG1 = First Gold Color, used in 1937-1947. Most collectors don't use this color					
	PG2 = Prairie Gold used on most Letter Series and 335/445/5 Star. Most common prairie Gold					
	PG3 = Last Prairie Gold used on GVI, M5, 4Star. Slightly Browner Prairie Gold					
	Yellow = Used on Latest MM's This is an Industrial Yellow.					
	Late Red = Same as Cockshutt Red, used on some tractors after 1968					
	Implement Red = Used on early implements					
	Cherry Red = Red used on Early tractor wheels and grills					
	Dyna Brown = Used from 1962-1967 Primarily on Powertrain components					
	Bronz Metallic = Used from 1959 - 1961 Primarily on Powertrain components					
	Gray Metallic = Used on the powertrains of some industrial tractors					
	Note: Due to special orders, regional exceptions, and day to day manufacturing variation, many tractors varied from the color configurations listed above
